

## Document information

**Title** ENABLS - education and **Nature-Based Solutions**: enable **Society** to bend the curve for biodiversity (GA No 101135035)

**Start - end date** 1/1/2024 – 31/12/2026 (36 months)

**Project type** Coordination and Support Action

**Programme** Horizon Europe – Cluster 6

**Funding** 2,951,847.33€

**Coordinator** University of Hohenheim (UHÖH)  
Dr. Ann-Catrin Fender  
(anncatrin.fender@uni-hohenheim.de)

**Project overview** ENABLS will set the basis of networking and collaboration to promote, embed and unfold Nature-based Solutions (NBS) concepts and approaches within universities and vocational schools, the professional sphere and society at large through transdisciplinary dialogue. ENABLS envisions the creation of 7 Living Labs (DE, NL, FI, AT, LT, EL, CZ), incorporating all ‘voices’ and leaving no one behind. The goal is to enable society to bend the curve for biodiversity by mainstreaming both NBS and biodiversity in higher education and Technical and Vocational Education & Training (TVET). The ultimate objective is for ENABLS to contribute more generally to i) the advancement of a Nature Positive society through the necessary transformative change of communities, business models and lifestyles, and, specifically, ii) put biodiversity and climate on the path to recovery responding to the objectives of the EU biodiversity strategy for 2030 and the EU climate adaptation strategy.
